

WHAT IS THE MATTER  
WITH YOUR BLOOD?  
YOU ARE NOT HEALTHY  
DO YOU KNOW WHY?  
YOU FEEL RUN DOWN  
WHAT IS THE REASON?  
IT IS YOUR BLOOD  
OUT OF ORDER.

WHAT MAKES BAD BLOOD?  
DISEASED KIDNEYS.

WHAT SHOULD YOU DO?  
CURE YOUR KIDNEYS.

There never has been but one reliable, one standard, one certain cure for diseased kidneys and impure blood, and that is, Warner's Safe Cure. This truth is acknowledged by the best doctors, the most renowned scientific men and the highest authorities in the world. Throughout all Europe, in every part of America, and even in Australia and other distant lands, it is admitted to be the standard, the only remedy for men and women whose blood has become deranged, for men who are unaccountably debilitated, and for women whose lives do not pursue their normal course. These are admitted truths, which you doubtless know, and we trust in reminding you of them, we are doing you a favor.

## SANDERS IS IN TOWN.

A Writ of Habeas Corpus Sought From Judge Foster.

IF THE CASE ISN'T HEARD HERE

It Will Be Heard in Wichita—Sanders to Speak at the City Park Tonight.

General Sanders of the commonwealth army is here. He arrived at 11:30 last night with his attorneys, Joseph G. Waters and S. H. Snider. He was released on his own recognizance.

He came here to apply to Judge Foster for a writ of habeas corpus, but the application will not be made today and if Judge Foster's health prevents him from hearing the application, it will be applied for at Wichita where the district court is in session.

It may be that nothing more will be done and some compromise made which will allow the "wheeler" to proceed on their way.

After the case is disposed of a meeting will be held here by Sanders to recruit his forces. He expects to secure enough recruits to man flat boats with 300 men.

S. H. Snider, who is one of the attorneys for Sanders says: "There would probably be little trouble to secure a writ of habeas corpus. The constitution of the United States provides that a man shall be tried where he is taken. Sanders and his men were taken in the Second federal district and they were taken to Leavenworth for their hearing, which is in the First district.

"The constitution also provides that a warrant for arrest must particularly describe the man but this warrant was made out simply for Sanders and 500 others without even naming the men.

"When we made these points at the hearing they wanted to amend the warrant but it was too late then as they had already presented their case.

"They would have been glad to have compromised by holding three or four of the leaders and telling the rest to go but we would not consent to that."

**SANDERS TO SPEAK**  
At a Commonweal Meeting to Be Held Tonight.

General John Sherman Sanders tonight will speak at a commonweal meeting which is to be held in the city park.

The city park meeting will also be addressed by Captain J. G. Waters and Judge S. H. Snider.

The Topeka Home guards will meet at 118 east Eighth street at 7:30 o'clock and march to the city park where the mass meeting will be held at 8 o'clock.

General Sanders arrived in Topeka at 11:30 o'clock last night from Leavenworth in company with the attorneys who defended him before United States Commissioner Wagener.

To a STATE JOURNAL reporter General Sanders said: "Our preliminary examination ended just as we expected it would. It was a railroad examination from start to finish. They had to put up some sort of a case, and they would have hung us if they could. I am not in the least worried about the result. My bail was fixed at \$300 and the men were held for \$200 each, but they are being guarded just like I am. I was released on my own recognizance, although I expect to give bail, if we are not all released on a writ of habeas corpus. I will stay in Topeka until tomorrow morning, when I will go back to Leavenworth."

"The Trades Assembly of Leavenworth has taken hold of the matter of transportation, and we expect to go down the Missouri, then down the Mississippi and up the Ohio in boats.

"That will be better than going through railroad wrecks and will make very good time although I don't know how long it will take us to make the trip.

"I expect to take some recruits from Topeka and I understand the men drilling under Captain Hunter are ready to go. I expect to leave Leavenworth with 500 men as we will have room on our boats for about that many.

"Yesterday I received a telegram from General Kelly advising me not to plan my route through Iowa under any circumstances.

"I want to tell you one thing that is that three months from now there will be armies on the march there are one now. Whenever an effort is made to suppress or disband an army, ten more organizations come into existence."

**LEASE AND GOUGAR.**

The State Populist League Invites Them Here for June 12.

The Woman's Progressive Political league met yesterday afternoon at the Populist league rooms.

The state meeting of the W. P. P. L. meets in this city June 11, 12 and 13. This will be a delegate convention. The delegates appointed from this league to attend were Mrs. Alonzo Wardall and Mrs. S. McLellan. The first evening June 11, a big reception will be given at Hamilton hall.

There was some discussion as to the programme for the second evening, but finally a resolution was passed that recommended to the executive committee that they invite Mrs. Mary E. Lease and Mrs. Helen M. Gougar to speak that evening, at Hamilton hall.

On the third evening, the programme will consist of short talks by Kansas women. It will be a "camp fire" to use a Grand Army expression.

The business meeting of the league will be conducted during the day. They will be secret. The ladies are all very anxious to have Mrs. Lease and Mrs. Gougar speak on June 12, as the Populist state convention meets in the city at that time.

The following are the newly elected officers for the ensuing year: President, Mrs. D. I. Furbeck; vice president, Mrs. S. McLellan; secretary, Mrs. Alonzo Wardall; treasurer, Mrs. Bina A. Otis.

**The Atchison smallpox.**  
Dr. J. B. Hibben of the health board says that there is no prospect that Topeka will be quarantined against Atchison on account of the presence of smallpox at the latter city. Dr. Hibben says that it would not be practicable as Atchison people could easily reach here by way of Kansas City. He thinks that if every one is properly vaccinated, there is no danger.

**Card of Thanks.**  
We hereby express our most sincere gratitude to all the kind friends and neighbors who rendered such valuable assistance and kindly sympathy to us in our sorrow and affliction by the burning of our children. May the Lord reward all with his choicest blessings.

MR. AND MRS. M. W. THOMPSON.

**HE HAD A GREAT TIME.**  
Chief Lindsey Entertained in Royal Style at St. Louis.

"We had a great time," said Chief of Police H. C. Lindsey, referring to the national convention of chiefs of police which he attended at St. Louis.

Continuing he said, "I don't understand how they could afford to treat us like they did. There were 104 chiefs present, representing the principal cities from Boston to Salt Lake City. Rufe Cone, of Wichita, and myself were the only representatives from Kansas."

"The St. Louis folks did all in their power to make our visit pleasant. Carriages were at our disposal every afternoon and we used them. We went to all the resorts about the city; visited all the parks and everything was open to us. Refreshments were served free at all the resorts and they included the finest of wines. We had free passes to all the theatres, but of course we couldn't take everything in. One evening we went fifteen miles up the river on an excursion steamer. There were two brass bands on board and we had music and everything else that goes towards a good time.

"The greatest sight I saw was the Anheuser-Brewing company establishment. That is an immense concern. It covers five blocks and Mr. Bush who showed us around says it is the second largest brewery in the world. The only one larger is in Germany. Of course everything at the brewery was free to us.

"There are two bars in the brewery one for visitors and one for the employees and they gave away over 90 kegs of beer a day. The stables at the brewery are the finest I ever saw. The halls between the stables where the horses are kept are covered with fine brussels carpet and everything else corresponds. The office and parlors where the employees stay, when off duty are furnished finer than any room in Topeka. That is a great establishment.

Mr. Busch gave me his souvenir knife, and the chief exhibited a fine bone-handled knife, with a picture of the brewer in one end and a corkscrew on its back.

Busch said he supposed from my living in Kansas I would have no use for the corkscrew, and Chief Lindsey looked wise, raised his eyelids and smiled."

Chief Lindsey says the convention was of great value to all who were there, and many plans for the capture of criminals were discussed. He says all the chiefs were opposed to the Cuxey movement.

## TETER'S BAD MOVE.

A Clerk in Santa Fe Car Service Department

GOES TO MAKING BOGUS MONEY.

Other Persons Implicated With Him.

Teter is Under Arrest.

A plan for flooding Topeka with counterfeit money, has been nipped in the bud by the United States authorities. Last evening at 8 o'clock, Joseph Teter was arrested by Deputy United States Marshal T. C. Shillinglaw just as he was about to deliver \$1,000 in counterfeit \$5 bills to Albert Fowkes.

Teter is a clerk in the car service department of the Santa Fe offices and lives at 307 east Seventh street. He says he had nothing to do with the manufacturing of the bills but implicated Frank L. J. Turner a well known lithographer who has been working for Roubidoux Bros. publishing house. Teter was employed to act as Turner's agent. Early in the week he approached a young man named Albert Fowkes with a proposition to dispose of \$1,000 of bogus bills for which he was to receive half the proceeds. Fowkes pretended to be willing to undertake the task and appointed a meeting with Teter for last night at the sash factory near the Santa Fe railroad on East Seventh street.

Fowkes consulted his father, A. W. Fowkes, and they informed Judge Foster of what was going on.

A warrant was sworn out before United States Commissioner Milcham and Shillinglaw was sworn in as a deputy marshal to serve it.

Shillinglaw and Fowkes went to the sash factory as arranged with Teter and the officer secreted himself while Fowkes met Teter. When the dealer in bogus money took a large package out of his pocket Fowkes grabbed him until Shillinglaw came up and placed him under arrest. He was at once taken to the county jail and locked up.

The package was found to contain 200 crisp \$5 bills. The engraving is almost perfect and can only be told from the genuine by a comparison. The paper is however, defective.

Teter has a wife, three children and is generally respected. He is a small man and has always been in poor health. He held an inferior position and he was paid \$35 per month.

A warrant was sworn out today for Turner but he could not be found in the city. He has not been seen at the Roubidoux place since Tuesday.

Turner is an expert workman and has always borne a good reputation.

Teter was seen by a JOURNAL reporter at the county jail, but refused to say anything about the transaction by which he was to dispose of the money. He says he is a bookkeeper and expert accountant and has always been of kind of work. He has employed Joseph G. Waters to defend him.

**DIDN'T LIKE THE ORDER.**  
Employees at the Insane Asylum Object to a New Rule.

An order which the employees consider as reflecting on the character of every employee of the state insane asylum, was posted in the office of Superintendent McCassey a short time ago, and caused such an uproar among the employees that Superintendent McCassey has been compelled to take down the obnoxious order.

The order which caused all the trouble is as follows:

**Employees' Company.**  
The introduction of miscellaneous company is detrimental to the welfare of the patients and the general quiet and discipline of the institution. Employees will therefore ask a medical officer for the use of the reception parlors in the main building where they shall entertain their guests. It will be a misdemeanor for the different sexes to loiter together about the corridors, basement, stairways, dormitories and other improper places. It will be a misdemeanor for ladies to entertain gentlemen and vice versa anywhere about the institution except in the front corridors or the reception parlors. The duration of any visit shall not be longer than thirty to sixty minutes except by special permission.

J. H. McCassey, Supt.

**KATY'S GENERAL OFFICES.**  
An Agreement by Which the Company Will Maintain Them in Kansas.

PARSONS, KANS., May 17.—At the conference of Attorney General Little and officers of the company relative to the general office question now before the courts, it was agreed that the suit now pending in the United States circuit court be remanded to the state court; that the Missouri, Kansas & Texas Railway company should erect within a reasonable time a general office building within the state of Kansas on the line of its railway at which should be kept the general offices of the company, as required by the laws of the state of Kansas, work to be commenced within sixty days; that the company should be allowed to establish offices elsewhere for its general business, and that the suit should be dismissed when general offices should be established. The agreement was signed by John T. Little, attorney general, and M. B. Nicholson for the state of Kansas, and Simon Sterne, general counsel; James Hagerman, general solicitor, and T. N. Sedgwick, general attorney of the Missouri, Kansas & Texas railway.

The queen will then preside over the amusements of the day, which will continue until 9 o'clock. Refreshments will be served by the young ladies for the benefit of the "Bishop Vail Scholarship" in Japan. All friends of Bethany are hereby invited.

**LOCAL MENTION.**  
An eight months old girl baby of Lizzie Gibson died last night of measles and was buried today by Poor Commissioner M. M. Hale.

John W. Gardiner, chief clerk of the Rock Island detective service arrived from Chicago at noon today. He says the Rock Island is using trainmen, conductors and brakemen to watch the commonwealers along the road. The regular detectives are not doing any of the special work.

The STATE JOURNAL'S Want and Miscellaneous columns reach each working day in the week more than twice as many Topeka people as can be reached through any other paper. This is a fact.
